PRESS RELEASE

Date: November 2010

Tai Ceredigion calling for local contractors to get in touch

Tai Ceredigion is calling out for local contractors to get in touch and express their interest for work on all sizes of contracts, to work on their internal works, heating, and windows & doors programmes.

Over the next 5 years the local not-for-profit housing association must bring all of their 2,229 properties in Ceredigion up to the Welsh Quality Housing Standard which is no mean feat.

This will entail a massive £40m improvements programme which the organisation has been in consultation with its tenants and leaseholders during the past year.

Llyr Edwards, the Director of Property Services said “We are looking for all qualified contractors in the area to get in touch with us. We have split all the work into different sized contracts accessible for small, medium or larger firms. We are focused on employing as many local contractors as possible so if anyone is interested they must express an interest first and then a Pre-Qualification Questionnaire (PQQ) will be sent to them.”

The closing date for the application for a PQQ pack is the 15th December 2010 and then all completed PQQs must be returned by 28th January 2011.

Interested parties can express an interest and order a PQQ pack by email only to:
